“ As an International Stakeholder member we value the ability to influence and promote PEFC as a credible forest certification system and to take part in important discussions which contribute to the expansion of sustainable forest management practices globally.”

Jussi Ripatti, Environmental Director, Metsä Group

About PEFC

PEFC, the Programme for the Endorsement of Forest Certification, is the world's largest forest certification system. Over 300 million hectares of forest area are PEFC-certified, supplying more than 18,000 Chain of Custody certified companies.

With more than 70 members located around the world, including national certification systems, NGOs, labour unions, businesses, trade associations and forest owner organizations, PEFC provides a vital platform for organizations dedicated to sustainable forestry and certification.

Within PEFC there are two active categories of membership:

- **International Stakeholder members**
- **National members**

Collectively all members form the PEFC General Assembly, the highest decision making body of the organization, which sets the strategic direction of PEFC.
