**Application for PEFC re-endorsement of the Danish PEFC Certification Scheme for Sustainable Forest Management**

I am pleased to submit our revised Danish PEFC Certification Scheme for re-endorsement. The revision was carried out as periodic review after five years. The revised documents were approved by the Board of Directors of PEFC Denmark on 28<sup>th</sup> March 2012. This letter is our official application for the Scheme to be re-assessed under the requirements of PEFC Council (PEFC international standards: PEFC ST 1001:2010, PEFC ST 1002:2010 and PEFC ST 1003:2010)

PEFC Denmark has made every effort to follow the rules specified in *PEFC ST 1001:2010: Standard setting – requirements*. A description of the open consultation process that has taken place is given in the development report enclosed to this application.

Apart from the revised documentation this application consists of the filled in minimum requirement checklist, a development report and the Danish Forest Act.

A list of documents for the Danish application can be found as appendix to this application.

Yours sincerely

**PEFC DENMARK**
