Subject: IFCC's Sustainable Community Forest Management Certification Scheme

Dear Ben,

Congratulations on a very successful PEFC Certification Week. It was unfortunate that because of my other duties, I was unable to join you and all PEFC's family members in Geneva.

Please find enclosed an amended version of IFCC's Sustainable Community Forest Management Certification – Requirements (Amendment 1 – Annex 4 IFCC ST 1001). In this version, IFCC amended the items relevant to the 19 non-conformities identified by FORM International. The amendment began shortly after IFCC received Christian's email of 31st July 2018, and was carried out in accordance to IFCC PD 1001 (Standard Setting Procedure). The amendment process involves a 60-days of public consultation, which was undertaken from 21st September 2018 to 20th November 2018.

This scheme is of a very significant strategic value for IFCC. It will give an enormous boost to IFCC's standing as an organization before the wider Indonesian public. It will also help the marketing campaign of PEFC certificate and logo in Indonesia hugely. So, I would greatly appreciate if the scheme can be endorsed by PEFC at the earliest possible opportunity.

With best wishes,

Dr. Dradjad H. Wibowo
Chairman
