Confirmation of Korea Forest Certification Council's decision to adopt PEFC International Standard(ST 2001, 2002, 2003)

Korea Forest Certification Council(hear after KFCC) is delighted to submit this application and the revised Korea Forest Certification scheme for PEFC's international assessment and endorsement.

KFCC joined the PEFC alliance in 2016 and the national system has been endorsed by PEFC in 2018. The revision has been performed as a periodic review, KFCC conducted a revision of standard, which began in July 2020 and ended with formal approval by the KFCC on 21st December 2021.

At the 9th Korea Forest Certification Council(December 21, 2021), where the formal approval was made, the Council decided to adopt and reflect PEFC's International standards for mutual recognition and international compatibility with PEFC.

It is confirmed in this document that KFCC-G-01(Annex), KFCC-S-03, and KFCC-S-04 are the same as PEFC International standards and English version of standards are not separately prepared.

Yours sincerely,

So, Soon Jin

General Manager of Korea Forestry Promotion Institute

Secretary General of Korea Forest Certification Council
