3. MATTERS ARISING

3.1 Debrief of PEFC Week
The Board members and the Secretariat were of the view that the PEFC week was successful. The format with a further developed presentation style was interesting for the participants of the sessions and organisation of the week went well. As recommendation for the next virtual PEFC Week the offering of coffee chat opportunities was mentioned. An opportunity for members to present their interest should be re-established as well.

3.2 Extension of the validity of the conflict timber clarification
The Board came to the conclusion that the conditions for issuing the clarification in March, specifically the resolution of the General Assembly of the United nations, have not been changing. The Board Members want to communicate with their decision that the situation is continuously monitored and, if appropriate, the decision about the clarification will be revisited. Therefore, the motion was slightly adjusted.

3.3. Updates (Romania, Nominations Committee)
Eduardo Rojas Briales reported about the meeting with the Chair of PEFC Romania. The agreements are documented in a letter to PEFC Romania.
Kurt Ramskogler reported about the meeting with the Chair of the Nominations Committee. It was agreed to describe the nominations procedure in more detail without changing the Statues or the Nominations Guide at this point of time.

4. OPERATIONAL ITEMS

4.1. Q3 Management Accounts / MAC report
The Chair of the MAC (Guy Gleysteen) reported about recent changes in the year end forecast for the PEFC Council. Based on recent information it is to be expected that the deficit (beyond the CHF 335’000 for the integrity program) will be between CHF 0 and CHF 50’000.

It was also reported that UBS recommended to do a small adjustment in PEFC’s investment portfolio. The MAC unanimously recommends to follow the UBS recommendation and to adjust the portfolio.

BOD/68/2022 Unanimously agreed:
• To adjust PEFC’s investment portfolio according to the UBS recommendation.

5. COMMITTEE UPDATES
No significant developments happened in the Committees since the last meeting.
