## **Evidence about the implemented corrective actions to maintain the endorsement of SFSC**

Dear Michael,

Referring to your letter of June 8, 2022 regarding the conditions for the maintenance of the endorsements of the Slovak Forest Certification System, I am glad to inform you that PEFC Slovakia has implemented the corrective actions to resolve all 5 nonconformities identified by the international assessor.

In particular, please find attached a report on the process of corrective actions implementation and the evidence of work and the results of voting of the Technical Committee and the PEFC SK General Assembly.

Yours sincerely

Ing. František Štulajter, CSc.  
Chairman PEFC Slovakia
